*Information for electrical contractors, architects and consulting engineers*

## NEW OPPD PHONE NUMBERS TRANSITIONING (APRIL – JUNE 2019)

Over the next several months, Omaha Public Power District locations will be migrating to a single area code and prefix for all District employees. This will allow us to take advantage of the modern, flexible and mobile business environment that a new phone platform offers. The new office numbers will be (531) 226-XXXX, with the last four digits staying the same for employees.

Updated contacts are listed below. Please note, cell phone numbers will not change as part of this transition.

<b>Lead Utility Coordination</b>			
Todd Mclochlin*	(531) 226-3363	Angela Case	(531) 226-3198
