Subject: OPPD Nebraska City Station Unit 1 Fossil Fuel Ash Landfill Closure  
Facility ID 58343, Permit Number NE00054712

Dear Mr. LeMaistre:

The Omaha Public Power District is writing to inform the Nebraska Department of Environment and Energy (NDEE) that the Nebraska City Station Unit 1 Fossil Fuel Ash Landfill is approximately 180 days from closure.

OPPD will have to continue to place ash in the landfill during closure to manage the stormwater drainage system. The contract will be out for bid early in 2020 and construction is anticipated to be completed by the end of the year. Once a contract is in place, OPPD will provide NDEE a construction schedule. The work will be completed in accordance with the approved Closure and the Construction Quality Assurance Plans.

Contact me if you have any question concerning this notification, I can be reached by phone at 531-226-2308 or via email at [mrhansen@oppd.com](mailto:mrhansen@oppd.com).

Sincerely,

Mark Hansen  
Environmental Affairs Administrator
